## Utilities, Inc. Embarks on Wastewater Service Renovation Project

NORTHBROOK, Ill. – December 14, 2007 -- Utilities, Inc. (UI), a national water and wastewater service corporation, and its subsidiary Water Service Company of Indiana, Inc. (WSCI), are pleased to announce the renovation of WSCI's activated wastewater treatment facility near DeMotte, IN. An intensive engineering study commissioned by WSCI earlier this year determined the infrastructure was in need of updating. This \$2.1MM project replaces the portion of the plants that have reached the end of their useful lives and is expected to be completed by the end of the year.
